Join Rainbow Babies & Children's Hospital, our NCI Designated Comprehensive Cancer Center – Rainbow Ireland Cancer Center, and the CureSearch National Childhood Cancer Foundation in a unifying call to the nation to fund the critical research necessary to cure children diagnosed with cancer.

Research is the key to curing childhood cancer.

Please take this opportunity to write your U.S. Senators and your member of the U.S. House of Representatives to discuss the critical need for federal funding of childhood cancer research and request for support of the Conquer Childhood Cancer Act.
