

Neurocritical Care Lecture Series 2008-2009
Every Monday
NSU Conference Room 7:30 – 8:30 am

EDUCATION

Fellowship Program

K. Stacy

Residency Program

K. Stacy
L. Hengenius

CME Programs

J. Farmer

Month	Date	Topic	Month	Date	Topic
July 2008	7	General Critical Care Critical Care Pre-Test	January 2009	22	Cerebrovascular Ischemic Stroke
	14	Myocardial Infarction		29	Intracerebral hemorrhage, vascular malformations
	21	Rhythm Disturbances		5	Subarachnoid hemorrhage
	27	Hemodynamic instability		12	Treatment of Vasospasm
	August 2008	4		Acute Respiratory Failure / ARDS	19
September 2008	11	Mechanical Ventilation	February 2009	26	Epidural, Subdural, and traumatic SAH
	18	Vent Weaning		2	Spinal Cord Trauma and epidural abscess
	25	Sedation in the ICU		9	Approach to multi-trauma and burns
				16	ICP management
October 2008		Infectious Disease	23	Multi-modal monitoring	
	1	Evaluation of Fever	March 2009		Other Disorders
	8	Ventilator Associated Pneumonia (VAP)		2	Encephalopathies
	15	Sepsis		9	Metabolic, toxic, inflammatory disorders
	22	Meningitis		16	Status Epilepticus
29	Encephalitis	30		Myasthenia Gravis, GBS, CIN	
November 2008	6	Antibiotic pharmacology	April 2009	6	Neuro-oncology
		Gastrointestinal		13	Immunocompromised patients in ICU
	13	Acute GI bleeding and prophylaxis		20	Transplantation issues in ICU
	20	Nutrition and ileus			
December 2008	27	Pancreatitis	May 2009		Brain Death and Ethical Issues
	3	Acute liver failure		27	Death by Neurological Criteria
		Renal and Hematology		4	Comfort Care and withdrawal of support
	10	Renal Failure		11	Ethical issues in NICU
December 2008	17	Renal Replacement Therapy	June 2009	18	Organizing a NICU
	24	Acid Base Disorders		25	Critical Care Finances
	1	The Coagulation Cascade			
	8	Platelets, thrombocytopenia			Critical Care Final Review
	12	Anemia and transfusion		1	General Critical Care / Infectious Disease
			8	Gastrointestinal / Renal/ Hematology	
			15	Neurocritical Care	
			29	Critical Care Post Test
