## Continuing Education

The Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Case Western Reserve University School of Medicine designates this educational activity for a maximum of 3.0 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### LEARNING OBJECTIVES

After attending this conference, the participant will be able to:

#### Acute coronary syndromes: Are aspirin and heparin old-fashioned?

1. Apply ACS treatment guidelines to real-world patients in my practice
2. Understand the principles behind antiplatelet and antithrombotic therapy for ACS

#### Abdominal aortic aneurysm: How do we screen, diagnose and treat?

1. Understand the importance of AAA screening programs
2. Recognize the size criteria for AAA repair and treatment options

#### Lipid treatment: What is the best approach for low HDL and elevated triglycerides?

1. Understand the importance of HDL and triglycerides to atherosclerosis management
2. Apply the most contemporary treatment options for these lipid problems

#### Heart failure: When should you worry?

1. Recognize when heart failure should be referred to a heart failure specialist
2. Understand treatment options for patients with medically refractory heart failure

#### Debate: Percutaneous aortic valve replacement will have role in treatment of aortic stenosis

1. Understand the traditional surgical approach to aortic stenosis
2. Recognize the evolving nonsurgical treatment options for aortic stenosis

#### Case studies

1. Recognize when routine clinical cardiovascular cases require specialty consultation
2. Appreciate the need to have strong scientific evidence to support clinical practices

Among the nation's leading academic medical centers, University Hospitals Case Medical Center is the primary affiliate of Case Western Reserve University School of Medicine. The Case Western Reserve University School of Medicine is a nationally recognized leader in medical research and education.

## 4th Annual Cardiovascular Disease Update

Continuing Medical Education – CID 2342

Tuesday, October 20, 2009

Landerhaven | 6111 Landerhaven Drive | Mayfield Heights, OH 44124

### Who Should Attend

This conference is intended to update practicing cardiologists, primary care physicians, nurse practitioners and fellows about the latest advances in the management of cardiovascular disease.

#### POLICY DISCLOSURE

The policy of the Case Western Reserve University School of Medicine CME Program requires that the Activity Director, planning committee members and all activity faculty (that is, anyone in a position to control the content of the education activity) disclose to the activity participants all relevant financial relationships with commercial interests. Disclosure will be made to activity participants prior to the commencement of the activity. The Case Western Reserve University School of Medicine also requires that faculty make clinical recommendations based on the best available scientific evidence and that faculty identify any discussion of “off-label” or investigational use of pharmaceutical products or medical devices.

### Program Agenda

Conference tuition includes all educational sessions, materials and dinner.

- 5:00 – 6:00 p.m. Registration and Reception**
- 6:00 – 6:05 p.m. Welcome and Introduction**  
Daniel I. Simon, MD
- 6:05 – 6:30 p.m. Acute coronary syndromes:  
Are aspirin and heparin old-fashioned?**  
Daniel I. Simon, MD
- 6:30 – 6:55 p.m. Abdominal aortic aneurysm:  
How do we screen, diagnose and treat?**  
John Blebea, MD
- 6:55 – 7:20 p.m. Lipid treatment: What is the best approach for  
low HDL and elevated triglycerides?**  
Carl Orringer, MD
- 7:20 – 7:30 p.m. Break**
- 7:30 – 7:55 p.m. Heart failure: When should you worry?**  
James Fang, MD
- 7:55 – 8:20 p.m. Debate: Percutaneous aortic valve replacement  
will have role in treatment of aortic stenosis**  
Pro: Marco Costa, MD, PhD  
Con: Carlos Garcia, MD  
Moderator: Alan Markowitz, MD
- 8:20 – 8:55 p.m. Case Studies**  
Panel: Arie Blitz, MD; Teresa Carman, MD;  
Barry Effron, MD; Sri Krishna Madan Mohan, MD;  
Bruce Stambler, MD; Richard Stein, MD  
Moderator: James Fang, MD
- 8:55 – 9:00 p.m. Closing Remarks**  
Adnan Cobanoglu, MD

### University Hospitals Harrington-McLaughlin Heart & Vascular Institute

University Hospitals Harrington-McLaughlin Heart & Vascular Institute is revolutionizing cardiovascular care with leading physician-scientists, strong NIH funding, and innovative translational research programs in cardiovascular imaging and nonembryonic stem cell biology. We performed Ohio's first cardiovascular stem cell trial, using bone marrow-derived adult stem cells, and implanted the first Jarvik-7 left ventricular assist device in our region.

Our 11 Centers of Excellence are comprised of an integrated team of some of the country's foremost experts in cardiovascular medicine and imaging, interventional cardiology, heart failure and transplant, electrophysiology, and cardiac and vascular surgery.

With a unique reputation for sophisticated yet personalized cardiovascular care, we are proud to provide your patients quick access to innovative equipment and expertise, whether requiring emergency treatment or a routine exam, with locations throughout Northeast Ohio.

For more information on cardiovascular care  
at University Hospitals Harrington-McLaughlin  
Heart & Vascular Institute, call **1-866-UH4-CARE**  
(1-866-844-2273) or visit [UHhospitals.org/heart](http://UHhospitals.org/heart).

This program will be supported by grants from industry.  
A complete list of supporters will be provided in the syllabus materials  
distributed at the meeting. Acceptance of funding in support of this program  
does not constitute endorsement of any product or manufacturer.
