

# Parent/Guardian Account Request Form

Person requesting access must be a parent or legal guardian.

A Parent/Guardian Account allows a parent or legal guardian to have access to the UH Personal Health Record (PHR) of a patient in his/her care. To open a Parent/Guardian Account, please fill out the form below and return to your doctor's office or any UH hospital sign-in desk.

By completing and signing this form:

1. I certify that I am the parent/legal guardian of the patient and I have the legal right to access his or her health information.
2. I understand that any individuals I name below will have online access to personal health information, including, but not limited to, viewing portions of the health record, requesting appointments, and requesting medication refills.
3. I understand that additional information may be made available to me through the PHR in the future.
4. I understand that this form only gives access to the patient's PHR. This form does not authorize the release of the patient's medical record by other methods or in other formats. To request copies of the patient's medical record, please contact your doctor's office or any UH Hospital.
5. I understand that access to the patient's PHR is provided by University Hospitals as a convenience to its patients. University Hospitals has the right to deactivate access to the PHR at any time, for any reason.
