7. If an individual does not pay his or her portion of the amount as set forth on the billing statement, and UH has made reasonable efforts, per Section 6 above to determine if the individual is eligible for financial assistance, UH may engage in ECAs. ## Financial Assistance & Medical Indigence

### Exhibit A

#### Financial Assistance Grid – Uninsured, Underinsured, and Insured \*

Federal Poverty Guideline	0-250%	251-400%			
Discount	100%	AGB			

\*Ohio HCAP Law is a 100% discount for individuals with a household income of 0-100%.

### Exhibit B

Patients who do not qualify under Exhibit A above may still qualify for financial assistance if they can demonstrate that their medical expenses exceed an established percentage of their family income outlined below.

Expenses must have occurred within the calendar year and be considered medically necessary or be emergency hospital and physician services, pharmaceutical drugs, or durable medical equipment. Patients wishing to be considered for discounts under this policy must provide requested documentation of income, residence and qualifying medical expenses in a timely manner.

#### Medical Indigence\*\*

FPL	401-600%	≥ 601%
Max Liability as a % Household Income	10%	15%

\*\* At no time will the Max Liability as a % of Household Income exceed AGB.

## Addendum 2 Amounts Generally Billed

Per Treasury Regulation §1.501 (r), hospitals may not charge an individual who qualifies under this Financial Assistance Policy more than the discount determined under this policy (including Addendum 1) and at no time greater than the Amounts Generally Billed (AGB) to Commercial carriers and Medicare.

UH's 2020 and 2021 Amounts Generally Billed Rate by Facility:

<b>Facility</b>	<b>2020 Rate</b>	<b>2021 Rate</b>
Ahuja	34%	34%
Cleveland Medical Center	41%	41%
Conneaut	44%	46%
Elyria	39%	28%
Geauga	29%	29%
Geneva	37%	42%
Parma	26%	27%
Portage	26%	31%
Regionals	36%	36%
Samaritan	49%	53%
St John	26%	27%
UH Medical Practices	62%	66%
UH Regional Practices	67%	69%
UH Home Care Services	N/A	76%

UH Facilities 2020-AGB rates cover the dates of services during the period of:

January 1, 2020 – December 31, 2020

UH Facilities 2021-AGB rates cover the dates of services during the period of:

January 1, 2021 – December 31, 2021

Only accounts that were adjudicated during the calculation period are included in the calculation.

The calculation will be refreshed every year on December 31 and put into effect on January 1 of the following year and that calculation will be used to adjust charges for services for the next fiscal year.

The calculation of AGB is the percentage of Expected Reimbursement (the amount allowed by the insurer) divided by total charges as noted below. Each UH Facility's AGB percentage has been calculated separately. For example:

Total Charges	\$10,000
Expected Reimbursement	\$ 3,800
AGB Rate =	38%

Expected reimbursement is defined as the payment amount expected to receive for a given service based on the amount agreed upon between UH and the insurance payer.

Insurance categories included in the calculation are Medicare, Anthem, Commercial, HMO, MMO, PPO, and Managed Care.

Insurance categories specifically excluded from the calculation are Medicare HMOs, Medicaid, Medicaid HMOs, Other Expected Self Pay Plans, Other Government Payers, and Patient Self Pay.

For any patient UH determines is eligible for financial assistance, and who has paid more than the amount UH determines that patient to be responsible, UH will refund such excess amount (regardless of whether that patient's account is outstanding or closed).
