

STONE BUSTERS

Mastering Laser Endourology

Information for our sponsors

Dear Industry Colleagues,

On behalf of the University Hospitals Urology Institute and the Stone Disease Division, we invite you to support and participate in the inaugural edition of StoneBusters 2025, an international educational course focused on advanced endourology and the management of urinary stone disease.

This 1.5-day in-person program will bring together world-renowned faculty, interactive case discussions, semi-live surgeries, and the latest technologies in the field. This is an ideal opportunity for your company to engage directly with key opinion leaders, practicing urologists, fellows, and residents from the U.S. and Latin America.

We appreciate your consideration and hope to welcome you as a valued sponsor of StoneBusters 2025 in Cleveland.

Sincerely,
Dr. Jose A. Salvado
Chief, Stone Disease Division
University Hospitals, Cleveland

Course Overview

Date: October 2025

Location: University Hospitals, Cleveland, OH

Duration: 1.5 Days

Format: In-Person

Target Audience: Urologists, Endourology Fellows, Residents, NPs, PAs, Medical Students

Objectives:

- Train participants in the diagnosis and comprehensive management of urinary lithiasis using advanced endourology techniques.
- Develop hands-on knowledge in lithotripsy with Holmium, Thulium fiber, and Pulsed Thulium lasers.
- Explore surgical strategies such as miniPCNL, ECIRS, and RIRS.
- Promote critical thinking through real clinical cases and interactive discussion.

Program Highlights

Day 1

- Introduction and Welcome
- Patient Safety in Lithotripsy: Pressure and Temperature Control
- Technology to Enhance Safety
- Semi-live Surgery Sessions with Expert Commentary
- miniPCNL as the New Gold Standard
- ECIRS & SBES Techniques

Day 2

- Future Directions in RIRS, PCNL, and SWL
- Pharmacologic and Nutritional Strategies in Stone Disease
- Clinical Case Roundtable Discussion
- Take-Home Messages
- Patient Q&A Session
